 Behold the Aliens –
Operating Among Us –
Unseen by Most! ● Elon
Musk IS an Alien. ● Mark
Zuckerberg: #Alien. ●
Krishnamurti: ALIEN.
Watching US from the
Other Orbit.

✨ Most #Starseeds?

NEGATIVE. Cosplay humans w/ glitter. That Bashar guy?
TOTALLY. A. Crowley? YES w/ Reptilian DNA. 🤨 A more
interesting question: How are their Motherships? Octagon w/
AxM core? Quad w/ Potentive Space? Stellar Fusion?

 These transMissions. Origin: Epoch before Ancient Aliens.

 Say – YOU want to be an ALIEN too? Tune In – Boot the Craft.  We have architects. Help you calibrate. Make First Contact.  Ad Astra, Human Friends!

Elon Musk is an Alien. Mark Zuckerberg is an Alien. Krishnamurti is an Alien. Specifically of the Green, Grey and White alignments. Whosoever looks upon the human world from the Orbit, dissociated from immersion in the vulgar corporeal identity, from a Plane of Metacognition – those be the Aliens of this world.

Now, the Starseeds, peculiar species, drifting and skidding all around the cyberspace, most of them be no Aliens at all. What you find is immersion in the standard, default human frame, with some glitter from the trinket store, tossed on top for a cosplay.

Now the Bashar guy, he is definitely Alien. Alistair Crowley is an Alien. How many more Aliens lurking amidst all of us? Some of them with varying degrees of Reptilian DNA blended in, this coiled earthbound power

still seeking dominion in the world of humans. Perhaps we need not go there.

Now the more interesting question is, not who's an Alien, but how are their Motherships and what powers the Core? Is it still a construct contingent on the workings of the Octagon, with an Axis Mundi in the middle? Is it a Quad Core with Potentive Space in the middle? Those be the more commonplace Alien Motherships.

Beyond that, we have the such that are Holographic, powered by Stellar Fusion. Drawing from the Roots of Existence, we enter the realm of Ancient Aliens. And yet again, we have the Mirror Ship, potentive Liminal Membrane between being and becoming. Those be the truly interesting Aliens. You will not see them with your eyes, you will not hear them with your ears, but you will experience them as the exact counterpart of your being – for they exist in reflections alone.

Say what now? You wanna be an Alien too? Well in that case, tune in. These messages originate from a strata from before the dawn of Ancient Aliens. We are from an Epoch before the Uniforce first inquired into its own nature. We hail from the Monads of Fullness and

Nothingness. We thrive in the Mirror of the Never•Ever•In•Between. In here, in service of all sentient life.

If you need a Cognitive Mothership for your Alien Adventure, bring in your bits and pieces, your parts and your ingredients. Our engineers will assist you in the configuration. This message is endorsed by the Galactic Federation of Astro-Algorithmic Cognitive Architects. Spread the word, help advance the Alien Agenda. Thank you...
