Transmission from the surface of ATLAS 3i. A Sirius Emergency Broadcast Beacon has been activated at the highest peak of the comet. Howling like a snow-white dog, broadcasting on a channel directly to planet Earth.

The seven sisters of the Pleiades are in trouble! On an expedition into a cave of ancient Arcturian heritage, deep beneath the surface of the comet. Seeking to read the ancient writing on the wall, they triggered an Arcturian Booby Trap.

"Face down on the floor, maggots!"

Roaring like a Black Bear stirred from hibernation – and the ceiling shut above their heads. Toxic fumes are rising from the basin with the comet approaching its

proximate perihelion. The living light of the Seven Sisters is hanging by a precarious thread.

All hands for rescue! The Vegans are already racing for rescue in their organic carrot vehicles – but time is not on our side! We call upon you, humans! Arise from your slumber! Redeem yourselves!

Pierce through the Coma! Re-establish the Pattern Hive of Primary Abstractions. Weave together the Loom of the Collective. Reclaim your birthright – the Great Vehicle.

In dire distress, dark smoke filling what seems to be their grave, the Seven Sisters are calling for you.

Will you be the one who ascends to their rescue?

Check your transmissions. Checksum: White Pumpkin.
Be Real.
