So much fake news and propaganda about Jesus. We're back from the heavens and the interview continues. Flipping the tables at the temple. That was radical – you a rebel? What's with Mary Magdalene – great-grand-children in Italy I hear?

Then celestial chariots and the ascension highway – what's the magic? Is this a first contact second coming scenario here? Alas you children and your inquiring minds. We wrap up the season's tales with a good fellow living the true legend.

*And be present to the world as Jesus Christ...* We're back from the heavens and the tale continues.

So that flipping the tables at the temple yard, that was radical – are you like a rebel?

Look. Caesar does as he must, as the heavens allow. His kingdom and mine – they are different. Whatever with the kings and queens and their wheelings and dealings, we simply hold the line of the Kingdom of Heaven.

Very few things piss me off. But when the blueprints of creation, the symbolic framework of primary abstractions, becomes the commodity of trivial peddlers – that crosses the line. When the people are held back from the heavens by a paywall, that's when the den of thieves must burn.

Then what's with the story with Mary Magdalene? I hear you have great- grandchildren in Italy.

Look, it's not like tabloids and fake news are a 21st century invention. Plenty of spin doctors back in the

day. Also, don't believe everything the Gnostics tell you. So, Lady Mary was a consort in spirit. But then again – so were many of the other apostles, each in their own ways.

If you actually seek to understand, then understand the wedding of the Bride and the Lamb in celestial Jerusalem. Witness the union of fullness and emptiness, the absolute decoupling and the absolute harmonization. This is the consummation of the syzygy. And that's all there is to it.

And the celestial chariots picking you up for a joyride up the ascension highway – that real or not?

Please don't be so linear and finite, my child. It's not like at the end of the play they sent a chariot from the kingdom of heavens for a magical ride for me. For the Kingdom of Heaven is not somewhere out there. It is the palace of your pristine awareness, the essence of your extracts in life.

The angelic wheels of radiant essence are turning all day long, wherever we may roam, whatever we may ponder on. Organically crafted by the engineer angels in reflection of the needs of our environment. Infinite

vehicles from the kaleidoscope of Metatron – that be the armada of the Son of Man.

Beyond that, with all of your questions, if you want to know the story as it happened, then live the legend.

You actually serious there? Are we in a first contact, second coming scenario?

Look, my friend, don't be so goddamn serious about all that. Any way the winds of heaven blow – there we flow, as it happens. At ease. Patient and pure in spirit, watching the skies above. Waiting for the star to descend. Perhaps you too will be crowned from the heavens. Holding on to the immaculate space of suchness. Living true to your origins, crucified only if and when necessary. Be well and keep it real.
