Why must you doubt Butter Baby? Study the ancients – witness for yourself! Semar and his kids in Java. Budai the Laughing Buddha. Moomin Valley and Butterlandia. Semblance is striking.

Yet we fail to see the essence. Our minds are shrouded with sour crap. Then friends – don't be a soursop forever, liberate your minds! Chant the Great BuBa-Buba Mantra and be free!

**Why must you doubt Butter Baby?** Study the ancients! Witness for yourself! Don't be a silly soursop. Open your mind and be free.

Here on the island of Java, consider the guardian spirit Semar, and his three kids, even the tufts on their heads. The semblance is striking. Consider Budai, the big belly laughing Buddha. Happiness, harmony, abundance. What's not to like?

Into Budai-lands we go, my friends. Consider the timeless Finnish myth, Moomin Valley. Butterlandia. Similar, no? But alas we fail to see the likeness, to recognize the essence. Our mind is shrouded by filaments of sour crap.

Then cleanse your minds, friends. Chant the great mantra of Butter Baby! *BuBa BuBa BaBa BuBu BaBu BaBu BuBu BaBa...*
