Greetings! The Fringe Wizard is online in reflection of growing public demand.

Are you experiencing Kundalini confusion? Got your psycho-energetic knickers in a twist? Worry not! The wizard will streamline your circuits into a vehicle fit for cosmic ascension.

Are you troubled by toothpaste-induced calcification of your pineal gland? Third eye all shut down? Worry not! The wizard will dismantle the great fluoride conspiracy, cracking your vision eye right open – blazing like a thousand suns.

Are you vexed by dimensional disorientation and symbolic hallucinations? Worry not! The wizard will bring you back to the perennial Tree of Life and re-root your dissociated deities back into reality.

If you demand Sanskrit or Pali proof for all of this – then all right. Anicca Vata Sankhara Akshaya Suddha-Matrena Phat!

If your Christ-energy consciousness is drifting untethered from Aramaic and Greek sources, then Khaire Maria Kecharitomeni – take it back to the cosmic womb.

If you have questions for the wizard – then ask your questions. If you don't have questions for the wizard – then shut up and contemplate. If you like or hate or ambivalent regarding the wizard, then subscribe – like whatever.

All the same, stay tuned. The dimensional rift is growing. The ancient future is here and now. Will you be onboard or stay back – excavating your belly button for essence? Don't be a loser. Don't be a winner. Be absolute.

The Fringe Wizard has left the studio. The resonance of the third eye is ever so loud.
