Thank you for checking in. Operation Kernel Drops is pending activation. Kernel – as in the essential nourishing substance you uncover when you crack the shell of your nut. Kernel – as in the core of your conscious operating system, bridging together the countless drivers and concerns into a well-rounded whole.

There will be hubs – dense packages of core essence for the steady scaffolds and clear vantage points of your awareness. There will be a thousand spokes – bites of essence, churning the cyberspace of cognitive convergence.

Pinging the departments and dimensions of your mind – seen and unseen. Crafting pathways of cohesion, catalyzing loops of convergence. Driving cognitive evolution, stimulating the total transformation of your consciousness. The old order of scatter and clutter will fall. Recycled, refined, upcycled, repurposed – a new order of essence will emerge.

Stay tuned. Do not overthink. Allow your awareness to settle and be absorbed in the hubs. Allow the trails of your awareness to follow the thousand spokes, wherever they may lead. Discover the fullness of what you are. Bridge it all together into a cohesive hole.

We are Kernel Drops. Follow the trails. Discover your islands.
