— If it's a YES. Then establish and declare a YES. — If it's a NO. Then establish and declare a NO. — If it's a MAYBE. Then establish and declare a MAYBE. Do not simply bypass. Do not entertain active ignorance. Bypassing is the mother of all veilers. Bypassing is limbo.

When uncertain. Establish and declare your uncertainty. Do not withdraw into calculating your mental make-ups. Be clear and straight-up transparent. Dump it on the table. Then we have something to go by. Move on into the future.

Not going left. Not going right. Not going straight at the fork. Going absolutely nowhere at all. Linger in meaninglessness. – Why do you do that? Sabotaging your prospects and progress.

From transparent simplicity: CLARITY emerges. Clarity is your friend. Clarity is your future. Clarity is liberation. Clarity births your fulfillment. Be clear please. Straight up. As it is. For everyone's sake.

Yes, no, maybe – or bypass? If it's a yes, then establish and declare a yes. If it's a no, then establish and declare a no. If it's a maybe, then establish and declare a maybe. But do not simply bypass.

Bypassing, pretending that something does not exist, is the mother of all veilers. When you are uncertain on

how you should respond, then simply establish and declare your uncertainty, rather than entering into calculations of what if I say this, or don't say this and that, and blah blah blah, and how will that reflect on me? That's all bullshit.

Be clear, straight up, transparent, put it all on the table and then we have something we can go by, move on into the future. Do not ever simply bypass. Bypassing is the worst form of ignorance. Ignorance, as in, not simply that you do not know, but where you actively ignore.

You establish for yourself, into your awareness, a field of darkness, a field of fog, mist, confusion. You craft veils into your being, lingering in ambiguity, reveling in your liminality. What comes out of it? Absolutely nothing at all. You are not going left, you are not going right, you are not breaching the pattern of the fork in the road by going straight forward, transcending the paradigm. You are simply lingering in meaninglessness. Why do you do that? Snap out of your slumber.

There is not even a need to make up your mind. There is no making up of the mind. Don't put the makeup onto your mind. Simply establish unto yourself, recognize what is, and then declare that. Really very simple. From

that transparent simplicity, clarity is born, and from clarity, all the prospects open for your future. Do not bypass, do not be intentionally vague.

Clarity is your friend, clarity is your future. Clarity is progress, clarity is liberation, clarity is the source of your complete fulfillment. Seek clarity, establish what is – transparent. Do not bypass, do not muddle up. Be clear. Clarity. Thank you.
