What emerges here:
Reflection of YOU. Yes —
you. So THANK YOU: For
casting in your fine
presence. Each and every
comment. Registered. Yes.
Appreciated. Recalled.
Recycled. Yes. You are the
assistant director. You are
the executive producer. I
am the iterator on the stage. I am the unpacker and the
repacker.

Whatever you drop here. It will emerge. Your distinctiveness will be integrated. Lenses. Tunings. Funnels into contexts. Potentials churned into living relevance. So seed the existential iterator present. Be the co-producer of all that follows. Or don't then. Whatever. It matters not. One for all and all for nothing. What.

#QuickDrops #ThankYou #Presence #Director #Iterator

You. Thank you. Yes, exactly you. Not the fellow next to you. And what for? For helping me in the work that I do. And that's not a pitch for "Help me out, will you". For the help you have already given.

Now, what is that? In here, at this point, there is a small big ocean churning. There is a big little universe at a certain saturation point, seeking to pour out beyond its limits. And while I could, from my side, put in a million different lenses and tunings, funnels for the outflows, some of which you see in the hereabouts, that lands not into a context.

Into a hypothetical context, yes, but not into a living context. The living context is born from our interaction.

Whatever bit of a comment that you drop gives me bearings, gives me something to relate to, to reflect from. And that becomes the lens, the tuning, and the funnel for what follows, helps me unpack the volume through meaningful pipelines. So, thank you for that.

Now, your absence, not really so helpful. The likes that are dropped in, also, honestly, not really helpful in the context. But any sort of actual meaningful human expression, reflection on what was dropped, a contrast, a counterpoint, an agreement, or whatever. All of that, very helpful. So, thank you for that.
