Hail Mary: Praise the sacred womb within you. Space of pristine emergence, for divinity manifest, unfolding as you declutter your inner landscape. Beyond the symbols cast. Into the living essence.

Be the savior unto yourself by unveiling actuality. No other messiah will save you from your own tentacles. With each

coming day, we perish from the finite cocoon and are reborn from the harmonics of infinite potential.

Immaculate conception is from your immaculate conception. Setting aside polarized seeds, resigning from your bias. Choiceless awareness. Spontaneous emergence. Absolution. Seek not "another" in your symbols. Embody and become.

Ave Maria, gratia plena. Hail Mary, full of grace. Chaire Maria, kecharitomene. I enjoy the classic version.

Of the sacred womb, of immaculate conception. Also, of choiceless awareness and spontaneous emergence. Let's unpack.

Savior Born of Unbound Actuality

Whence is the Saviour born? Whence your salvation, your absolution? Not from the injection of any seed, any agenda, from any polarized aspect of existence, but rather from the natural convergence of patterns. Of there, the Divine is born.

Beyond you, beyond subject bias, beyond limited agendas – from there, actuality in its fullness is born, and that is the divinity of existence in manifestation.

There is no such Son of God that be the outcome of bizarre copulation between a transcendent sky-god and a human female. That is a tragic misconception and misinterpretation of the process going on.

Yes, we have the example of Jesus of Nazareth, the human, the man, a physical presence as a vessel, vehicle for unbound consciousness, for the self-emergent whole. The physical representation is inconsequential.

What's consequential is the principle that needs to be understood.

Space of Immaculate Conception and Unprompted Emergence

Of immaculate conception, of unprompted emergence of the fullness of actuality, and of its significance to each of us. In the way our cognition itself functions – and our path to liberation, to unbinding from our conditions.

Then hail Mary and praise the sacred womb within you – emergent as you declutter your inner landscape from all of your obsessions, attachments, clings.

That pristine space of emptiness that facilitates the emergence of reconciled fullness is also Samantabhadri, the mother of the Buddhas, and so on and so forth, but rise beyond all of those symbols and narrative representations.

Seek Within and Embody the Symbols

Look for the actual emergence of this principle within you. See where it takes you. Be the savior unto yourself, by unveiling the workings of actuality. That's all there is to it.

And crave not then for the crown or the ointments. Those will simply corrupt the pristine reality that you have encountered. Let it unfold as it is. Remain free.

Let us be reborn in Christ. Let us be reborn of the immaculate womb. See how that works for you.

And with each coming day, you die again to the mortal coil, to the finite shell, and are born anew in the

fullness of all existence. That is a different mode of living your life.

Rather fresh. Rather peaceful. Rather fulfilling. Amen to the end of your self-inflicted troubles. Thank you.
