Pilot Episode —

RAHAYU SERIES ID .

(Translated from the Indonesian source talk.)  
Independence of Nation  
and People — in Verity — in  
Actuality — is attained by  
Independent Souls. What  
is this process of soul's  
independence?

Come, let's seek for the source of innate independence. Remember the founding statement of Mpu Tantular: — "Bhinneka Tunggal Ika, Tan Hana Dharma Mangrwa!" Contemplate on the meaning — more than a cool slogan.

The base essence of truthness transcends our weirdings, of our obsession with the aberrant details of all things. Plurality of dress is beautiful — but don't ever forget the togetherness and sameness that exists within.

Just you-you separate — or us-us together? Investigate and cultivate purification and independence. The root of this truthness is planted and may be found in the Most-Unified — Most-Pure — Most-Sovereign.

Through every challenge, we push through toward the consummation of life — the perfection of this life; Alone, together, as nation, as world, and the all-nature; That we might celebrate independence in its fullness.

¶ Truth is Unified – In the Ancient Words ↴

¶ Eliminating Falsehood – Into Unity in Diversity ↴

¶ The Simple and Straight Path of Truthness ↴

**Happy independence** and happy process of soul independence. Proper independence is not a trivial attainment. However far must we struggle.

True independence is born from an independent soul. Independence of people and independence of nation become a symbol that is established from within our very souls. Where we overthrow the false authority, an authority without balance, authority that misuses our inner and outer resources.

### **Truth is Unified – In the Ancient Words**

Let us delve deeper into the process of soul's independence. Beginning with the words of Mpu Tantular: "Bhinneka Tunggal Ika, Tan Hana Dharma Mangrwa!" We are diverse, yet unified, for there is no doubt in truthness.

If we look at the ancient manuscript, it says, "Mangka ng Jinatwa kalawan Siwatatwa tunggal." meaning, in actuality the essence or element of Jina – the victor – or Buddha, and Shiva, the pure and radiant – are unified, the same. Because truthness is one. Falsehoods are different.

### **Eliminating Falsehood – Into Unity in Diversity**

Each of us falsifies, hallucinates regarding life. But behind it, there's existence that is same, patterns of life that are same, an all-nature that is the same, base essence of a human that's exactly the same. All that's required is the making-true of perspective. Adjustment of the lens, from us alone in separation, to us all together in the unity of this existence.

Falsification, the soul's filth, we vigilantly search and destroy. In whichever hole, in whichever corner, there still is darkness. we illuminate – and in there manifests the state of actuality, truthness. And this truthness becomes the basis and essence of soul's independence.

### **The Simple and Straight Path of Truthness**

This path of truthness is very simple, very straight, and very universal. Do not ever be obsessed with diverse philosophies and dogmas, so far that the core is shrouded with excessive focus on individual details and diverse alignments. We will become blind creatures, and a blind creature will never-ever become independent.

The root of this truthness is planted and may be found only in the Most-Unified, the Most-Pure, the Most-Sovereign. It was so at the dawn of time, it was so in ancient days, and it is just so also in the modern age. Let us painstakingly progress toward independence and truthness actual. Never halting until the final destination is achieved.

This process will not be effortless – but whoever said that this life should be easy? Through all challenges, we proceed toward the consummation of life, the perfection of our own lives, of us together, of the nation, people, world and all-nature.

With independence and truthness that's factual and actual, everything will be attained, perfected, and only then may we celebrate in a perfect way. For the time being, let us celebrate whatever there is, with always

going forth toward the ultimate goal of individual life,  
the life of many, the life unified.

So much for now. Rahayu (Peace+) forever and ever.
